A. THE OFFERING

Reference is made to the announcement made by the Company dated 31 July 2013 in respect of the filing of a registration statement with the SEC by NCLH for the Offering on 30 July 2013 (New York time).

Consideration

The Public Offer Price and the underwriting discount and commission are determined based on arm's length negotiation among the Selling Shareholders and the Underwriters with reference to the trading price of the Shares and market conditions. The total consideration for the Genting Offer Shares, being the Public Offer Price multiplied by the number of Genting Offer Shares is approximately US\$297.5 million (assuming no exercise of the Underwriters' option to purchase additional Shares) or approximately US\$342.1 million (assuming full exercise of the Underwriters' option to purchase additional Shares).

Sale Proceeds

The sale proceeds (after deduction of the underwriting discount and commission) for the Disposal will amount to approximately US\$287.8 million (assuming no exercise of the Underwriters' option to purchase additional Shares) or approximately US\$331.0 million (assuming full exercise of the Underwriters' option to purchase additional Shares) payable by the Underwriters in cash to Star NCLC on 14 August 2013 (New York time) in relation to an aggregate of 10,000,000 Shares offered by Star NCLC and, if applicable, on such other completion date(s) as designated by the Underwriter Representatives in relation to any of the additional Shares that the Underwriters have an option to purchase from Star NCLC pursuant to the Offering. The sale proceeds for the disposal of Genting Offer Shares will be used as general working capital for the Group and/or to fund new investments of the Group should suitable opportunities arise.

A gain in an amount of approximately US\$177.3 million (assuming no exercise of the Underwriters' option to purchase additional Shares) or approximately US\$203.9 million (assuming full exercise of the Underwriters' option to purchase additional Shares) is expected to accrue to the Company as a result of the Disposal based on the excess of expected sale proceeds (after deduction of the underwriting discount and commission) from the Disposal over the carrying value of the Genting Offer Shares of approximately US\$110.5 million (assuming no exercise of the Underwriters' option to purchase additional Shares) or approximately US\$127.1 million (assuming full exercise of the Underwriters' option to purchase additional Shares) as of 30 June 2013 in accordance with the Group's books and records.

Market Value of the Genting Offer Shares

Based on the closing price of the Shares on the latest trading day of the NASDAQ Global Select Market (being 8 August 2013), the aggregate market value of the Genting Offer Shares is approximately US\$300.5 million (assuming no exercise of the Underwriters' option to purchase additional Shares) or approximately US\$345.6 million (assuming full exercise of the Underwriters' option to purchase additional Shares).
